My Story

Strategic UX designer, problem solver and team player.

Energised by fast-paced, collaborative environments. Fascinated by developing technology. Motivated by human-centered design. I endeavour to provide holistic, meaningful solutions for people while meeting business needs.

In my sparetime, I enjoy quality time with my human, feline and plant friends. I am an avid collector of handcrafted mugs and I'm always on Etsy or catching a craft market when one is in town.

How I Work

Skills

- Interviews
- A/B Testing
- Card Sorting
- Heuristic Evaluation

Goals

To learn how to animate and apply to prototypes, and learn about CSS and HTML.

Who I Am

Grooving to

Ariana Grande, Khruangbin, Beach House

On my nightstand

The Little Prince, probably my cat, and my glass of water she's drinking out of

In my belly

Risotto and instant ramen

My happy place is

Anywhere with temperate weather, ideally cushioned, with a mimosa.
